NAME STYLE

ABBREVIATION REFERENCE: AIR = American Indian Reservation; Trust Land = Off-Reservation Trust Land; Home Land = Hawaiian Home Land; OTSA = Oklahoma Tribal Statistical Area; TDSA = Tribal Designated Statistical Area; ANVSA = Alaska Native Village Statistical Area; SDAlSA = State Designated American Indian Statistical Area; ANRC = Alaska Native Regional Corporation; CDP = Census Designated Place; MCD = Major Civil Division; MCDP = Minor Civil Division; CCD = Census County Division

FEATURES

where international, state, and/or county boundaries coincide, the map shows

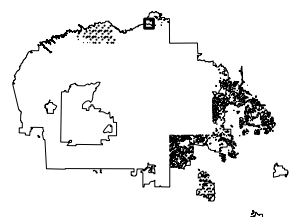

A '*' following a place name indicates that the place is coextensive with a MCD; A '^' indicates that the place is also a false MCD; the false MCD name is not shown.

This map shows tribal census tract boundaries and numbers within the subject county; nontribal census tract boundaries are shown outside of the subject county, with their number. A tribal census tract is a type of census tract defined within a federally recognized reservation or off-reservation trust land. A tribal census tract is a geographic area of land within a reservation or off-reservation trust land for the purpose of providing data based on an American Indian hierarchy rather than by state and county. Where reservation or off-reservation trust lands cross state or county boundaries, the same tribal census tract number may be assigned on both sides of the boundary, and, if so, constitutes a single tribal census tract entity.
